To: All Concerned.

Subject: **Defrauding fellow Students assuring tuition fee waiver**

It has been observed that students seeking tuition waiver for their outstanding dues are approaching some senior students to arrange waiver of tuition fees. The so called seniors assuring a grant of waiver out of the dues are cheating the simpleton students to extract money.

In Stamford University Bangladesh there are provisions of declared waivers and scholarships. General waivers are offered to the students during admission and merit scholarships are declared on the basis of meritorious results in the semester exams. For such waivers and scholarships students do not need to apply. These are automatically implemented. Waiver on exceptional circumstances are dealt with by the Waiver Committee controlled by Board of Trustees. A student or an employee has nothing to do to get a sanction in favor of any one's waiver. If anyone claims to be so is a fraud and will be liable to severe disciplinary action.

In view of above, students and all concerned are requested to deal with their all kinds of payment complicacies directly with the Accounts Department. **Students are advised to be careful not to fall prey to such fake and fraud persons.**
